

Eastern University

Statement of Support

Instructions

1. Complete two sets of all documents. Sponsors should submit one set in e-form to Admissions at Eastern University via email and the other set in original hard copy goes with the student to the visa interview.
2. Students who are already in the U.S. and are transferring from another college, need only to submit one set of documents. Students who are in the U.S. and are applying for a change of status, will need to submit one set of documents in e-form to Admissions, and send one original set as evidence along with the change of status application to USCIS.
3. Fill out the forms and attach bank statements or other proof of assets to both forms. Evidence must be attached or forms are not acceptable.
4. Both sets of documents must be signed in the presence of a public notary and stamped or sealed accordingly. If such a person is not available where you are, seek assistance from the appropriate bank officer or legal authority needed to make the documents legal affidavits.
5. If supporting documents are in any language other than English, the document must be accompanied by a full and complete English translation. The translator must certify that the translation is accurate and he or she is competent to translate from that language to English. The translator must sign and date the Certification of Accuracy on page 3 and submit to Admissions along with the document in the original language.
6. Complete financial documentation showing sufficient income must be submitted before an I-20 can be issued. International students can not accept unauthorized employment; therefore, the sponsor is required to provide enough evidence to prove the student will not need to work for the duration of their program of studies.
7. If the student has more than one sponsor, each sponsor should prepare a separate set of documents. If the student is providing a form for his/her own funds, write "SELF" as the name of sponsor and as the relationship to student.
